

Scarlet Key Recipients

1922 – 2022

For over 90 years, the Scarlet Key has been awarded to over 2,000 recipients who have demonstrated outstanding leadership at McGill University.

We are in the process of updating our membership database and to list as many Key recipients as possible. We need your help! Send an email to scarletkey.alumni@mcgill.ca and include your name, degree, and the year you were awarded a Key. Feel free to send a short update about yourself! Names will be continually added and updated on these documents as they are received and verified.
